

Category 1 : Water

Name of Project	Scope of Services Provided	Date Service Provided	Project Value	Client Contact Person	Client Tel. No.
Kirkwood: Upgrading of bulk water supply system	Planning, design and specifications, construction monitoring of civil and mechanical works for upgrading the water treatment works to 5.2Ml/d, pump stations and rising mains	2000	R4.1m	Western District Municipality (now Cacadu District Municipality) Mr P Snyman	041 508 7111
Coegakop Break Pressure Tank	Consultant appointed for all detailed designs, specifications, tender documentation, contract administration and construction monitoring for all civil and structural works for a new 2MI reinforced concrete reservoir. Design allowed for seismic load conditions to accommodate future blasting activities at nearby quarries.	2001	R5.5m	Coega Development Corporation Dr P Inman	041 403 0400
Enon Bulk Water Supply Upgrade Phases 1 and 2	Planning, design, specify, documentation, project management and construction monitoring for new water mains, bulk zone meters, extension to WTW and additional 0.7 MI reservoir	2002-2004	R1.9.	Cacadu District Municipality Mr P Snyman	041 508 7111
Additional Storage Reservoir for Moses Mabida, Kirkwood	Planning, design and specifications, construction monitoring of an additional 1.2 MI concrete reservoir at Moses Mabida	2004-2005	R 1.4m	Cacadu District Municipality Mr P Snyman	041 508 7111
Nooitgedagt Low Level Scheme	Lead consultant and project manager for 90Ml/d additional water supply scheme to Nelson Mandela Bay Municipality.	2006 – current	R725m	Nelson Mandela Bay Municipality Mr L Pieterse	041 506 2139
Nooitgedagt Water Treatment Works Upgrade	Consultant for all investigations, planning, phasing, design (civil, structural, mechanical and electrical), tender documentation, tender adjudication, contract management and construction monitoring for all civil, structural, electrical and mechanical works for 90Ml/d extension of the Nooitgedagt Water treatment Works	2006 – current	R131m	Nelson Mandela Bay Municipality Mr L Pieterse	041 506 2139
Olifantskop Reservoirs	Consultant for all investigations, detail design, specifications, preparation of tender documents, tender adjudication, contract management and construction monitoring for all civil, and structural works for a 10MI and a 45MI pre-stressed post-tensioned reinforced concrete reservoir forming part of the	2006 – current	R46.5m and R65.3m	Nelson Mandela Bay Municipality Mr L Pieterse	041 506 2139

	Nooitgedagt / Coega Low Level Supply Scheme.				
Colchester Bulk Water Pipeline Upgrade	Consultant in JV with SSI for the design, specification, contract documentation and construction management for a new 9,6km long bulk water pipeline varying in diameter from 600mm to 800mm. The construction of the pipeline was carried out by 10 small learner contractors under the direct supervision and mentoring of the consulting engineers	2006 -2011	R65m	Coega Development Corporation Mr Hennie vd Kolf	041 403 0400
Loerie Water treatment Works Upgrade	Sub-consultant to CA du Toit (Eastern Cape) (Pty) Ltd for modernisation and upgrade of the 100MI/d Loerie Water Treatment Works. Responsible for process and detailed design, specifications, tender documentation, contract administration and construction monitoring for the chemical dosing systems, filters (including backwash pumps and blowers), and refurbishment of the clarifiers.	2007 - 2011	R54m	Nelson Mandela Bay Municipality Mr L Pieterse	041 506 2139
Farm Florida Development	Investigation, feasibility, planning and preliminary design of bulk water and sanitation networks to serve new 510ha development	2008	R750 000 (fee value)	Romanco 3 (Pty) Ltd Mr K Filen	044 874 3473 083 4888 989
17MI Coegakop Reservoir	Consultant appointed for all investigations, including geotechnical, reporting, detailed designs, specifications, tender documentation, contract administration and construction monitoring for all civil and structural works for a 17MI pre-stressed post -tensioned reinforced concrete reservoir. Design allowed for seismic load conditions to accommodate future blasting activities at nearby quarries.	2009 - 2011	R21m	Nelson Mandela Bay Municipality Mr L Pieterse	041 506 2139
Coega IDZ Return Effluent Scheme	Consultant in JV with RHDHV, Ballenden & Robb and LA Consulting for the design, specification, contract documentation and construction management	2009 - current	R614m	Coega Development Corporation Mr Willie Olivier	041 403 0453

Category 2 : Sewer

Name of Project	Scope of Services Provided	Date Service Provided	Project Value	Client Contact Person	Client Tel. No.
Pearston Interceptor Sewers and Pump Station	Planning, design and specifications, construction monitoring of civil and mechanical works	2001	R2m	Cacadu District Municipality Mr L Nama	041 508 7111
Waenhuiskrans Sewerage Scheme (civil, electrical and mechanical works)	Planning, design, specify, documentation, project management and construction monitoring for sewer reticulation, bulk pipelines & pump stations	2005 – 2009	R14m	Cape Agulhas Municipality Mr D Wasserman	028 425 5500
Struisbaai & L'Agulhas Sewerage Scheme (civil, electrical and mechanical works)	Planning, design, specify, documentation, project management and construction monitoring for sewer reticulation, bulk pipelines & pump stations	2006 – 2014	R11m	Cape Agulhas Municipality Mr D Wasserman	028 425 5500
Markman Sewer Upgrade	Planning, design, specify, documentation, project management and construction monitoring for replacement and upgrade of the 600mm diameter sewer across the Swartkops river bridge in PE	2007 – 2010	R9.5m	Nelson Mandela Bay Municipality Mr E Julyan	041 506 2439
Kwazakhele Sewer Upgrade	JV appointment, design and construction monitoring for the construction of a 600mm diameter structured wall HDPE sewer main	2007 – 2011	R6.2m	Nelson Mandela Bay Municipality Mr E Julyan	041 506 2439
Kwanobuhle Sewerage Pump Stations (civil, electrical and mechanical works)	Planning, design, specify, documentation, project management and construction monitoring for 2 x sewage pump stations	2009 - 2011	R3.2m	Nelson Mandela Bay Municipality Mr R Myburgh	041 506 2471
Govan Mbeki Ave Bulk Sewer Rehabilitation	Rehabilitation of live 1050mm & 525mm bulk sewers using trenchless methods. JV appointment for planning, design, specifications and construction monitoring	2009 - 2011	R11.5m	Mandela Bay Development Agency Mr A Daya	041 811 8201
Kwazakhele Bulk Sewer Rehabilitation	Rehabilitation of live 900mm bulk sewers using trenchless methods. Lead consultant in JV appointment for planning, design, specifications and construction monitoring	2009 - 2011	R6.9m	Nelson Mandela Bay Municipality Mr E Julyan	041 506 2439
Struisbaai Wastewater Treatment Works	Investigations, planning, design (civil, structural, electrical and mechanical), specify, documentation, project management	2011 - 2013	R14.8m	Cape Agulhas Municipality Mr D Wasserman	028 425 5500

	and construction monitoring for a new activated sludge plant to serve Struisbaai and L'Agulhas				
Barrydale Wastewater Treatment Works Upgrade	Investigations, planning, design (civil, structural, electrical and mechanical), specify, documentation, project management and construction monitoring for a new activated sludge plant to serve Barrydale (design phase)	2011 - 2013	R11.4m	Swellendam Municipality Mr W Titus	028 514 8500
Kwazakhele Bulk Sewer Emergency Repair	Planning, design, specify, documentation, project management and construction monitoring for the repair of a collapsed 1200mm diameter sewer at the inlet to the Fishwater Flats Wastewater Treatment Works	2012	R9.2m	Nelson Mandela Bay Municipality Mr E Julyan	041 506 2439

Category 3 : Roads and Stormwater

Name of Project	Scope of Services Provided	Date Service Provided	Project Value	Client Contact Person	Client Tel. No.
Rehabilitation & Widening of 3 Bridges on TR45	Planning, design, specify, documentation, project management and construction monitoring for the rehabilitation and widening of 3 bridges on river crossings at Kariega River and Kleine Monde East & West	2005 – 2010	R65.8m	East Cape Provincial Department of Roads Mr J Ross	040 636 4327
Govan Mbeki Environmental Upgrade – Phase 2	JV Project – Matrix Consortium for street and services upgrade and the pedestrianisation of Govan Mbeki Ave. design and monitoring	2006 – 2007	R31.3m	MBDA, Port Elizabeth Mr A Daya	041 811 8201
Parliament Street Environmental Upgrade	JV Project – Matrix Consortium; Street and services upgrade and pedestrianisation of Parliament Street. Design, specify, documentation, project management and construction monitoring	2006 – 2009	R15.5m	MBDA, Port Elizabeth Mr A Daya	041 811 8201
Kempston Road Widening & upgrade	JV Project: Design, specify, documentation, project management and construction monitoring for widening, storm water, relocation of services and traffic accommodation	2006 – 2010	R102m	Nelson Mandela Bay Municipality Mr A Said	041 506 5438
Newbolt Street upgrade	JV Project: Design, specify, documentation, project management and construction monitoring for widening, storm water, relocation of services and traffic accommodation in 2 phases	2006 – 2010	R11m	Nelson Mandela Bay Municipality Mr A Said	041 506 5438
Rehabilitation of Flood Damaged Infrastructure – Cluster 4 (Kouga Municipality)	Design, specify, documentation, project management and construction monitoring for road and storm water infrastructure repair on DR1831 - 53 km section.	2007 – 2009	R35m	Cacadu District Municipality Mr P Snyman	041 508 7335
Rehabilitation of Mount Road Interchange	Plan, design, specify, documentation, project management and construction monitoring for the rehabilitation of joints, barriers and concrete bridges. Project took place over 5 years	2007 - 2012	R41m	Nelson Mandela Bay Municipality Mr A Liberty	041 506 5438
Lake Farm Development	Investigation, planning and design of road and storm water networks to serve new Eco Estate development	2008	R105 000 (fee value)	Seven Stone 112 (Pty) Ltd Mr N Hart	041 364 0180

Electrawinds Coega Wind Turbine	Design, specify, tender evaluation, quality control, project manage and construction monitoring of turbine base, gravel access road for heavy vehicles and electrical infrastructure for 90m high wind turbine	2010	R6.4m	Electrawinds Africa and the Indian Ocean Islands (Pty) Ltd Mr Emil Unger	+32 (0)59 56.97.00
Routine Road Maintenance Kouga Koukamma Local Municipal Areas	Professional engineering services for the design, specification, documentation, project management and construction monitoring for area wide gravel road and storm water infrastructure rehabilitation and maintenance	2011 – current	R15.3m	Department of Roads & Transport (Eastern Cape) Mr Marius Keyser	041 403 6001
Routine Road Maintenance Nkonkobe & Nxuba District Municipality Areas	Professional engineering services for the design, specification, documentation, project management and construction monitoring for area wide gravel road and storm water infrastructure rehabilitation and maintenance	2011 – current	R26.5m	Department of Roads & Transport (Eastern Cape) Mr Mbulelo Songqishe	043 704 6643
Rubicept Van Stadens Wind Farm	Professional engineering services for the design, specification, documentation, project management and construction monitoring for new gravel roads, stormwater and hardstands for the wind farm.	2012 - 2013	R33.3m	Basil Read Matomo Jeff Pipe	011 218 3800
Vulindlela Retail Centre	Tender design of access roads, parking areas, including Earthworks, contract administration	2013 – current	R150m	Coega Development Corporation Mr Bruno Ponzo	041 403 0400
Sakhasonke Village access road	Check designs done by another consultant and to deliver the project management and professional services required to construct access road including contract administration and inspections through to project completion. Complete geometric and structural redesign of the proposed road prior to construction.	2014	R550 000	MBDA, Port Elizabeth Mr A Daya	041 811 8201

Category 4 : Structures (Buildings)

Name of Project	Scope of Services Provided	Date Service Provided	Project Value	Client Contact Person	Client Tel. No.
Coega IDZ – Zone 1: Prototype Warehouse : Civil and Structural Engineering Services:	Design, specify, tender evaluation, quality control, project management and construction monitoring for new warehouse	2006 - 2008	R20 071 775	Coega Development Corporation Mr Zuko Mqhatu	041 507 9111
Concrete Rehabilitation and Repair to Buildings at Nelson Mandela Metropolitan University	Diagnostic survey and investigation, design, specify, tender evaluation, quality control, project management and construction monitoring for the concrete repair and rehabilitation on various buildings at NMMU	2007 - 2013	R19 753 119	Nelson Mandela Metropolitan University – Technical Services Mr. M Syce	041 504 2474
Warehouse for Grupo Antolin	Design and construction monitoring of civil and structural services for new warehouse	2008 - 2010	R44 421 966	Coega Development Corporation Mr Zuko Mqhatu	041 507 9111
Coega IDZ – Zone 3 Phase 1 : Speculative Retail Facilities	Design and construction monitoring of civil and structural services for new retail facilities	2009	R25 562 237	Coega Development Corporation Mr Zuko Mqhatu	041 507 9111
Concrete Rehabilitation and Repair to Buildings at Fishwater Flats WWTW	Diagnostic survey and investigation, design, specify, tender evaluation, quality control, project management and construction monitoring for the concrete repair and rehabilitation on various buildings at Fishwater Flats WWTW	2010 - current	R19 802 960	Nelson Mandela Bay Municipality Mr E Julyan	041 506 2439
Fish Water Flats WWTW: Building Maintenance and Concrete Rehabilitation Phase 1	Concrete Diagnostic investigations, contract documentation; construction administration & monitoring; project management	2010	R3.9m	Butch Julyan ejulyan@mandelametro.gov.za	041 5062439
Fish Water Flats WWTW: Building Maintenance and Concrete Rehabilitation Phase 2	Concrete Diagnostic investigations, contract documentation; construction administration & monitoring; project management	2012	R5.4m	Butch Julyan ejulyan@mandelametro.gov.za	041 5062439
Fish Water Flats WWTW: Building Maintenance and Concrete	Concrete Diagnostic investigations, contract documentation; construction administration & monitoring; project management	2012	R10m	Butch Julyan ejulyan@mandelametro.gov.za	041 5062439

Rehabilitation Phase 3					
NMMU Administration Building (South Campus): Concrete Rehabilitation	Concrete Diagnostic investigations, contract documentation; construction administration & monitoring; project management	2012	R8.5m	Melvin Syce Melvin.syce@nmmu.ac.za	041 5043380
NMMU Library, Music Building and other structures (South Campus): Concrete Rehabilitation	Concrete Diagnostic investigations, contract documentation; construction administration & monitoring; project management	2012	R7.1m	Melvin Syce Melvin.syce@nmmu.ac.za	041 5043380
Rubicept Van Stadens Wind Farm	Designs, bills of quantities and estimates for all structural works (including turbine base foundations) and construction monitoring	2012 - 2013	R63m	Jeff Pipe Jeffp@brmatomo.co.za	011 2183800
Port Elizabeth Opera House Extension	The provision of professional civil and structural engineering services for the renovations & extensions of the existing Opera House.	2012 - current	R30m	Prof. Albrecht Herholdt Albrecht@thematrix.co.za	041-5821073
Lokwe Junior Secondary School, Alfred Nzo District Municipality (under construction)	Structural and civil design and working drawings - and construction monitoring for the construction of all school buildings	2012- current	R32m	Themba Maseko themba@idcarch.co.za 043 7430534	043 7430534
Qumra Junior Secondary School, Alfred Nzo District Municipality (under construction)	Structural and civil design and working drawings - and construction monitoring for the construction of all school buildings	2012- current	R24M	Themba Maseko themba@idcarch.co.za	043 7430534
Numerous Private Houses	Structural investigations and designs for new houses and alterations to existing houses for numerous private clients	Ongoing	Varies	Numerous – can be provided on request	
Vulindlela Retail Centre	Tender design, contract administration, CAD Drawings	2013 – current	R150m	Coega Development Corporation Mr Bruno Ponzio	041 403 0400
Jose Pearson & Marjorie Parish TB Hospitals	Final designs, contract administration, CAD Drawings and quality control	2013 – current	R50m	Coega Development Corporation Mr Chandrakant Patel	041 403 0400
PE Harbour Jetties	Full Structural & Civil Design/Supervision services for construction of new lead in jetties.	current	R10m	Marius Matthee mmatthee@haw-inglis.co.za	072 021 3406

Category 5 : Electrical (Buildings)

Name of Project	Scope of Services Provided	Date Service Provided	Project Value	Client Contact Person	Client Tel. No.
Nooitgedacht Water Treatment Works	Electrical Installation including Lighting, Small Power, Electrical Reticulation, Pumpstation Control Panel	2006-Current	R2m	Nelson Mandela Bay Municipality Mr L Pieterse	041 506 2139
Enkuselweni Place of Safety	Electrical, Access Control, Fire Detection, Public Address, Standby Generator Refurbishment, Conduits for Telephone and Computer Cabling	2008	R2.0m	Afriplan Architects Associates Anton Huiskens	041 9610062
NMB Municipality: Energy Efficiency Projects	Lead Consultant for Streetlighting, Energy Efficient Lighting with Motion Sensors in Main Municipal Buildings, Traffic Lights & Compact Fluorescent Lamp Roll-Out	2009 - 2012	R40m	Nelson Mandela Bay Electricity Tyronne Ferndale	041 392 4111
Carmel Heat Pump	Measurement of Energy & Recommendation to Replace Hot Water Electric Element Heating System with Heat Pump	2012	R90 000	Green-Power Mike Davis	044 871 4808
